SUPPLEMENTARY INFORMATION

I. Abstract

Age Search is a service provided by the U.S. Census Bureau for persons who need official transcripts of personal data as proof of age for pensions, retirement plans, medicare, and social security. The transcripts are also used as proof of citizenship to obtain passports or to provide evidence of family relationship for rights of inheritance. The Age Search forms are used by the public in order to provide the Census Bureau with the necessary information to conduct a search of historical population decennial census records in order to provide the requested transcript. The Age Search service is self-supporting and is funded by the fees collected from the individuals requesting the service.

II. Method of Collection

The Form BC-600, Application for Search of Census Records, is a public use form that is submitted by applicants requesting information from the decennial census records. Applicants are requested to enclose the appropriate fee by check or money order with the completed and signed Form BC-600 and return by mail to the U.S. Census Bureau, Post Office Box 1545, Jeffersonville, Indiana 47131. The Form BC-649 (L), which is called a "Not Found", advises the applicant that the search for information from the census records was unsuccessful. The BC-658 (L) is sent to the applicant when insufficient information has been received on which to base a

search of the census records. These two forms request additional information from the applicant to aid in the search of census records.

The BC-600 will be updated to add the 2010 Decennial Census to the list of searchable censuses. The form will also be updated to inform applicants that checks are now being processed by electronic transfer of funds.
